Challenges to the TAG

- **Let's create a "Boff-Lincoln" like document or best-practices guideline for C4ISR systems**
  - Human utility assessment
  - Science-based methods and metrics
- **Document HFE lessons-learned specific to categories of technology / application**
- **Document/quantify HFE impact**
- **Contribute to improvement of WR J WCO**
- **Make visible to a broader community HFE core competencies and a directory of expertise**
